

Cookie Policy

The use of cookies by the website owner, the Italian Society of Pharmacology (SIF), with registered office in Milan, Via Giovanni Pascoli 3, Tax Code: 97053420150 - VAT number: 11453180157, is part of the Privacy policy of the website itself.

This document is in fact an integral and substantial part of the Privacy Policy and the information contained therein issued in accordance with the provisions of art. 13 of Regulation (EU) no. 679 of 2016 on the protection of personal data, by art. 13 of Legislative Decree 196/03 Code regarding the protection of personal data (Privacy Code) and the Provision of 8 May 2014 "Identification of simplified procedures for the information and the acquisition of consent for the use of cookies" of the Italian Privacy Guarantor.

What are cookies

Cookies are small text files that the sites visited by users send to their terminals, where they are stored to be retransmitted to the same sites on subsequent visits. Cookies are used for different purposes, have different characteristics and can be used both by the website owner and by third parties.

Below you will find all the information on the cookies installed through this website, and the necessary information on how to manage your preferences regarding them.

Cookies used by this website

1) Technical cookies for which consent is not required

All technical cookies do not require consent, so they are installed automatically following the access to the website.

Technical cookies present on this website are:

a) Navigation cookies

Cookies related to the activities strictly necessary for the operation of the website and the provision of the service, aimed at maintaining an adequate browsing experience or increasing the website performance.

b) Functionality cookies

Cookies related to the saving of preferences, which allow the user to navigate according to a series of selected criteria (such as, for example, language, text characters, browser type, etc.).

c) Geolocation

Cookies related to the detection and storage of the user's approximate location obtained based on the IP address, mostly aimed at the automatic selection of the most suitable country or server.

2) Cookies for which consent is required

All cookies, other than the technical ones mentioned above, are installed or activated only following the user's express consent, the first time they visit the site.

Consent can be expressed in a general way, interacting with the brief information banner present on the landing page of the website, according to the methods indicated in this banner (closing the banner, scrolling

the page or clicking on any of its elements); or it can be provided selectively, according to the methods indicated below.

This consent is tracked for subsequent visits; however, the user always has the option of revoking all or part of the consent already expressed.

Cookies for which consent is required are:

Cookies managed by third parties

Through this website cookies managed by third parties are also installed. You will find below some indications, and a link to the privacy policy and the consent form for each of them. Everyone can also express their consent by closing this page or by going to another page on the website.

1. Statistics and monitoring cookies

They are used by third parties, even in disaggregated form, for the management of statistics and to analyze how the website is used. Below you will find the name of the third parties that manage them, and for each of them the link to the page where you can receive information on the treatment.

Google Analytics: <https://policies.google.com/technologies/cookies?hl=it>

We also remind you that you can manage your cookie preferences also through the browser you use. At any time, you can accept or reject cookies or decide to set a warning message before accepting a cookie from the websites you visit. The procedures for managing cookies depend on the browser used, you can find out how to manage the settings in the browser help section. We inform you that changing the settings will have an impact only on that particular browser and PC, in order to align the behavior with other devices it is necessary to repeat the operation on each browser.
